PHAR-6123	Healthcare Ethics and Worldview (3)			<input type="checkbox"/> This substitutes as an MBA elective course
PHAR-7353	Leadership and Business Module (P3 year)			<input type="checkbox"/> Substitutes as an MBA elective course
MBA Elective	See catalog or talk to advisor to choose a 3 hour elective			<input type="checkbox"/>

\*\*Business prerequisites may be satisfied by successful completion of undergraduate coursework or the equivalent. Business prerequisites may be completed in a time convenient for students. All business prerequisites do not have to be completed before a student begins MBA courses. However, the appropriate business prerequisite courses must be successfully completed before the start of the associated MBA course. Review the "[prerequisites](#)" section of the Graduate Catalog.

+MBA prerequisite courses must be successfully completed before the start of the associated MBA course.

### PharmD/MBA Dual Degree Program Suggested Sequence of Courses: 2023-2024

Year	Semester	7-week Session*	Course No.	Course Title
<b>P1</b>	<b>Spring</b>	PharmD students may apply for the PharmD/MBA Dual Degree program during the spring semester of the P1 year. Pending admission to the MBA program, students may begin courses in the P2 year. Students must satisfy the necessary MBA courses (36 credits) through the PharmD and MBA programs to receive an MBA degree  The proposed MBA course sequencing below does not include sequencing the MBA courses satisfied through the PharmD. curriculum.
